Palliative Care: Enhancing Quality of Life and Support

Do you want to enhance your professional development?

One strong, united voice for nurses and patients.

Learning Outcome:

The participant will be able to identify the skills needed to incorporate palliative care into their practice.

Program Objectives:

- Define palliative care and the nurse's role.
- Differentiate palliative care from hospice care.
- Explain why palliative care is integral to end-of-life care.
- Describe the domains of palliative care.
- Discuss the impact of effective communication on palliative care.
- Identify the interprofessional team needed in palliative care.
- Identify palliative care assessment tools that may be used in primary care settings.
- Discuss the legal aspects of nursing in palliative care.

IMPORTANT: In order to receive CHs/CEUs, all participants are required to attend the entire workshop, complete all in-session program assignments, complete an evaluation form, complete and return a post-program SurveyMonkey® questionnaire and/or complete and return a post-program checklist, where applicable. **You will need a personal computer and internet access to attend.**

The New York State Nurses Association is accredited as a provider of nursing continuing professional development by the American Nurses Credentialing Center's Commission on Accreditation.

This program has been awarded **6.0 CHs** through the New York State Nurses Association Accredited Provider Unit.

The New York State Nurses Association is accredited by the International Accreditors for Continuing Education and Training "IACET" and is authorized to issue the IACET CEU.

The New York State Nurses Association is authorized by IACET to offer **0.6 CEUs** for this program.

Faculty: Korinn A. Chaffee, BSN, RN, OCN

Korinn Chaffee has over 15 years of experience working in the specialty of oncology and palliative care nursing. Ms. Chaffee teaches senior level nursing students and mentors new nurses in clinical practice. Ms. Chaffee is well-versed in navigating patients and staff through all stages of serious diagnosis, support and palliative care.
