Correctional Health Nursing Standards of Practice and Certification Review

One strong, united voice for nurses and patients.

Learning Outcome: Participants will be able to successfully identify the current standards of practice for correction registered nurses and apply them to selected situations.

Learning Objectives:

- Identify skills to improve test taking strategies for the CCHP Exam.
- Identify the overall key concepts of correctional nursing.
- Identify the nursing considerations related to ethics in correctional nursing.
- Discuss the nursing role in the promotion of a safe and secure environment in the correctional health care setting.
- Discuss the common inmate-patient health care concerns and diseases.
- Identify the key concepts in Clinical management of inmate-patients.
- Discuss the nurses' role in health promotion and maintenance of the inmate patients.
- Discuss the Professional Role and Responsibilities of the nurse in corrections.

IMPORTANT: In order to receive CHs/CEUs, all participants are required to attend the entire workshop, complete all in-session program assignments, complete an evaluation form, complete and return a post-program SurveyMonkey® questionnaire and/or complete and return a post-program checklist, where applicable. **You will need a personal computer and internet access to attend.**

Faculty: Amy L. Lukacz, MS-FPMHNP, CCHP, POST-MS NE *Amy Lukacz has many years of experience in mental health, has been working in the New York State Department of Corrections, and has CCHP certification.*
