Psychiatric Mental Health Nursing Standards of Practice and Certification Review

New York State
NURSES
ASSOCIATION

One strong, united voice for nurses and patients.

Learner Outcome(s):

Participants will be able to identify current standards of Psychiatric Mental Health nursing practice and apply them to selected patient conditions.

Objectives:

Upon successful completion of this workshop, participants will be able to:

- Identify principles of professional nursing practice in psychiatric mental health nursing.
- Discuss foundational concepts for Psychiatric-Mental Health nursing practice.
- Discuss diagnostic criteria and assessment tools utilized to differentiate Psychiatric Mental Health disorders across the lifespan.
- Recognize therapeutic interventions and treatment modalities in psychiatric mental health nursing.
- Identify special populations at risk for developing psychiatric-mental health complications.

Declaration of Vested Interest: None

NYSNA wishes to disclose that no commercial support or sponsorship was received. NYSNA Program Planners, Presenters, and Content Experts declare that they have no financial relationship with an ineligible company.

Faculty: JoEllen Schimmels, DNP, RN, PMHNP-BC, ANP-BC, CNE, FAAN

Dr. JoEllen Schimmels has been working in the field of psychiatric nursing for over 20 years. Her clinical experience covers a broad spectrum in inpatient, outpatient and educational settings. Dr. Schimmels has developed and taught psychiatric nursing since 2007 in both the clinical and lecture arenas.
