

Pharmacology Review: Maintaining Your Competence

One strong, united voice for nurses and patients.

**ONLINE
PROGRAM**

Learning Outcome:

Nurses working with patients at the bedside and other healthcare settings will be able to identify best practice in medication administration and safe medication administration practice.

Objectives:

- Identify at least five new drugs commonly used in practice.
- Identify common adverse drug errors and how to prevent them.
- Recognize the most common drug interactions.
- Identify common drugs that are incompatible and the nurse's role in medication administration.
- Discuss the types of drugs that may cause serious problems in patients if not identified.
- Discuss the principles of safe medication administration.
- Identify situations where drug interactions/errors are preventable.
- Discuss several methods to decrease dosage calculation/drug interaction.
- List three of the basic dosage calculation formulas for safe medication administration.

IMPORTANT: In order to receive CHs/CEUs, all participants are required to attend the entire workshop, complete all in-session program assignments, complete an evaluation form, complete and return a post-program SurveyMonkey® questionnaire and/or complete and return a post-program checklist, where applicable. **You will need a personal computer and internet access to attend.**

NYSNA wishes to disclose that no commercial support or sponsorship was received. NYSNA Program Planners, Presenters, and Content Experts declare that they have no financial relationship with an ineligible company. **Declaration of Vested Interest: None.**

The New York State Nurses Association is accredited as a provider of nursing continuing professional development by the American Nurses Credentialing Center's Commission on Accreditation.

This program has been awarded **6.0 CHs** through the New York State Nurses Association Accredited Provider Unit.

The New York State Nurses Association is accredited by the International Accreditors for Continuing Education and Training (IACET) and offers IACET CEUs for its learning events that comply with the ANSI/IACET Continuing Education and Training Standard. IACET is recognized internationally as a standard development organization and accrediting body that promotes quality of continuing education and training.

The New York State Nurses Association is authorized by IACET to offer **0.6 CEUs** for this program.

****NYSNA reserves the right to cancel this program if a sufficient number of participants are not registered, in which case if a fee was paid, the entire amount will be refunded. ** Make sure to check your email for confirmation of registration and the further steps you need to take to be prepared for the program and how to retrieve the handout materials before the start of the program.**
